PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, SEPTEMBER 26, 1919

AMERICAN LEGION MEETING AT COURT HOUSE TO-MORROW NIGHT.

The American Legion is conducting a drive this week for membership. All over the State effort is being made to get as many veterans enrolled as possible. On October 3rd and 4th at Louisville the first annual State Convention is to be held. The National convention is to be at Minneapolis, November 11, the anniversary of the signing of the armistice.

A post has been organized in Bourbon county, known as "Bourbon Post of the American Legion of Kentucky." The charter for this has been received and a temporary organization perfected. The ex-service men of the county who started the movement are: Catesby W. Spears, Stanley S. Dickson, Douglas K. Clay, William Collins, L. Raymer Jones, Joe A. Jones, Herbert T. Sledd, Robert G. Jones, Dr. Jas. A. Orr, Chas. S. Spears, F. Shirley Dalzell, Dr. Avonia E. Kiser, Fielding G. Rogers, Stanley J. Young, Kenney K. Kiser. Quite a number of men have joined the post since these fifteen applied for the charter, but as yet the membership is very small compared to the number of eligibles in the county.

With the idea of putting before the ex-soldiers, sailors and marines the proposition of joining the Legion, the local post has arranged for a big meeting to be held to-morrow night at 8:00 o'clock at the court house in Paris. Judge Jas. A. Gregory, of Louisville, will be present, and will address the meeting on the purposes, plans, etc., of the Legion. Judge Gregory is at the head of this publicity work and thoroughly familiar with all details of the Legion.

IMPORTANT DIVISIONAL TRANSFERS ON LOUISVILLE AND NASHVILLE.

Divisional transfer of control over two branches of the Louisville and Nashville railroad, which, however, will have no effect upon either the office or operating forces of the road in this city, have recently been made by the Louisville & Nashville. These lines are the ones between Lexington and Maloney, and the one between Winchester and Irvine, which have previously been under the jurisdiction of the Eastern Division, of which Mr. M. Sergeant is Superintendent, with headquarters at Ravenna.

REAL ESTATE TRANSACTIONS.

The three-story brick business house known as the Howard House, belonging to Mrs. Nellie Stoker Highland, was sold at public auction Tuesday by Auctioneer George D. Speakes. The property was purchased by the Thornton heirs, nephews and nieces of Mrs. Highland, for \$6,500. The property is at present occupied by Mr. and Mrs. George Crosdale.

The sixteen-acre farm of the late Mr. W. J. Kiser, with improvements, located on the Clintonville pike, one-half mile from Paris, was sold at public auction on the premises Wednesday by the administrator, Mr. Frank P. Kiser. The sale was conducted by Auctioneer George D. Speakes, of the real estate firm of Harris & Speakes, of Paris. The bidding was lively with a good-sized crowd in attendance. The place was purchased by Mr. Kelley Haley, for a total of \$9,500. While this sale was in progress Mr. L. D. Harris, general manager for Harris & Speakes, sold a tract of ten acres, just across from the Kiser place, belonging to W. S. Haggard, the purchaser being Willis Jacoby, for \$9,000.

TOBACCO PRICES LOOK VERY PROMISING.

The Cincinnati Enquirer of Sunday has this note, which will be of interest to all interested in the growing and handling of the new tobacco crop: "With the early liberal estimates of the 1919 crop of tobacco materially reduced by adverse growing conditions during the summer period, the prediction of high prices for new crop stock when the loose leaf season opens in another month or two seems entirely justified."

FUGITIVE ARRESTED

Deputy Sheriff Robert Gilkey arrested James Ritchie, of Nicholas county, near North Middletown, Wednesday, and brought him to Paris. A warrant had been in the hands of the Bourbon county officers since last March. The warrant was sworn out by Thomas Workman, of Nicholas county, charging Ritchie with a statutory offense. Ritchie was turned over to Sheriff James Myers, of Nicholas county, who took him back to Carlisle.

LINEMAN ELECTROCUTED WHILE AT WORK ON LINE.

With an electric current of 2,500 voltage passing through his body, John Webb, aged 26, a lineman in the employ of the Cumberland Telephone Co., in this city, met death at the corner of Main and Second street yesterday morning, while at work on a pole at that place.

Webb and several others had been sent to the place to make some repairs to the long distance line. This had been successfully done, and the men, with the exception of Webb, had descended to the ground. Webb was endeavoring to take in the slack in the line which carried the electric light current, so as to free it from possible contact with the other wires, when he was seen to suddenly become rigid, in which position he remained for several seconds, hanging by his safety belt, and then fell forward on the wires. Suspecting something wrong his fellow-workmen rigged up a block and tackle arrangement, by which they were enabled to go to his rescue. When the unfortunate man was lowered to the ground, it was found that life was extinct, his death having been instantaneous. Physicians were hastily summoned, and worked with him for some time, but the vital spark had fled beyond recall. It was stated that Webb at the time he was stricken, had both hands in contact with the high voltage wires which carry the current of the Paris Gas & Electric Co., at that point. When he fell his body was against these wires. One arm and one hand were severely burned by the deadly current. The body was taken in charge by Undertaker George R. Davis.

Webb was a son of Mr. and Mrs. James Webb, of Paris. He had been in the employ of the Cumberland Co. for about six years. Previous to that he had been with the Paris Home Telephone. He had been in the army service, and had but lately returned to Paris. He was highly regarded by his associates, and by his employers. He was married some years ago to Miss Bettie Hull, of Fleming county, who, with one child, a daughter, six years old, survive him. He is also survived by his parents, Mr. and Mrs. James Webb, two brothers, Asa Webb, in the service on board the U. S. S. "Utah," and Colonel Webb, of this city, and two sisters, Mrs. Mattie Sammon and Miss May Eliza Webb, both of this county. Coroner Davis was busy yesterday shaping up for a coronial investigation of the causes leading up to Webb's death. The inquest will probably be held late this afternoon. Attorneys for the Paris Gas & Electric Company having expressed a desire to be present at the hearing.

CANTRILL OPENS DEMOCRATIC CAMPAIGN AT WINCHESTER

Congressman J. Campbell Cantrill opened the Democratic campaign in Clark county with a rousing address at the court house. J. M. Stevenson, county chairman, presided, and the speaker of the occasion was introduced by G. F. Wyoff, attorney. Mr. Cantrill declared the Democratic party had fulfilled the pledges made, plank by plank, in its platform four years ago, and pledged to continue to "keep the faith." Mr. Cantrill made sweeping defense of the peace treaty and the League of Nations. There was a large crowd in attendance at the meeting, and the speaker was frequently interrupted by applause.

NEW INSURANCE HEAD.

Mr. Edward Wilson, who has for several years been stationed in this city as collector for the Metropolitan Life Insurance Co., has been promoted to the position of Superintendent of the Metropolitan's office at Bowling Green, to succeed C. W. Oakley, transferred to Marion, Ky.

"MIRACLE OF THE WORLD WAR" SUBJECT OF ADDRESS.

The miraculous accomplishments of the United States in the recent struggle, as seen through the eyes of a newspaper man, will be set forth Sunday evening at the Christian church, when Sergeant E. P. Bradstreet, Jr., formerly of the Twelfth Engineers (Light Railways) will speak on "The Miracle of the World War." The meeting will be open to the public.

Bradstreet, who is a Cincinnati newspaper man, went over in July, 1917, and was with the British Expeditionary Forces for a year, going through the battle of Cambria in November, 1917, with them, and again in the battle of the Somme in March, 1918. His regiment operated the narrow-gauge railways which carried ammunition and supplies at night time to the British guns and third line trenches.

In September, 1918, the Twelfth joined the First American army in time for the battle of St. Mihiel. After the armistice Sergeant Bradstreet was sent to Metz, Lorraine, as historian of the Interallied Railway Armistice Commission. While here he acted as special correspondent for the "Chicago Tribune" and the "New York Herald," and traveled extensively through the provinces observing the change from German rule back to the original French rule.

In April, 1919, in company with three hundred other American newspaper men, he was sent by Pershing on a special train all over those parts of France and Germany occupied by the American army in order to view at first hand our accomplishments abroad in helping to win the war.

Sergeant Bradstreet, who has been the guest of Lieutenant Fimmel Galloway, will return Monday to his home in Cincinnati, where he will resume his duties of Publicity Director of the Cincinnati Chamber of Commerce. He has served on the Cincinnati Post and the Cincinnati Enquirer also.

CHURCHES OF CHRIST IN ANNUAL SESSION.

The Transylvania College banquet was the crowning special feature of the eighty-seventh annual convention of the Christian churches of Kentucky, in session at Hopkinsville this week.

Covers for 250 guests were laid, and the principal speakers were Dr. E. E. Snoddy and Dr. W. G. Brown, the latter a missionary for seventeen years in India. An address by D. C. Cunningham featured the regular session Tuesday night.

Tuesday was devoted to the Christian Women's Board of Missions, an organization that has been established in Kentucky thirty-seven years.

Mrs. Louis Loo Campbell, general secretary, made her report, showing a total of \$41,760 raised during the year. There are 185 organizations with 8,200 members, and 104 mission circles.

The report of Mrs. M. S. Walden, for the boys' and girls' department, showed 104 societies with a membership of 2,171, conversions 120, King's Builders 972, Little Light Bearers 694, offerings \$2,400.

The treasurer's report was made by Mrs. O. L. Bradley and an address on Christian Literature by Mrs. J. T. Sullivan. The convention sermon was delivered by the Rev. Roger Nooe, Frankfort.

Mrs. John Gay, Versailles, was the presiding officer, and the music was directed by Mrs. A. L. Boatright, of Paris.

The convention closed its sessions last night, after an entertaining program throughout both day and night sessions.

PLAYED "TURNTABLE" JUST LIKE MOVIES!

Both ends against the middle or unity that wasn't unity, describes the action of the front and rear wheels of an automobile spinning along Duncan Avenue, Wednesday morning. The big machine came bowling along at a right saucy clip until it struck a wet spot in the street. Then the argument began. The rear wheels wanted to act decorously and keep in line with the chauffeur's aim, but the front wheels became obsessed with the idea that they would "go it alone," and there they disagreed.

The chauffeur endeavored to get them to act together, but there was discord brewing, and the front wheels went backward, while the rear wheels went forward. And the machine spun around, while the chauffeur cursed. Only by shutting off the power and applying the brakes was he enabled to stop the machine's gymnastic exhibition.

MAKING GOOD IMPRESSION

Mr. Robert Lavin, a graduate of the Paris High School, is showing the gridiron warriors of the University of Kentucky that he is to be reckoned with when the time comes to put "the Wildcats" to work. Lavin has made a most favorable impression with the football devotees by his tryouts, and it is predicted that he will be in line for quarterback play when the season opens. While at Paris High, Lavin made a fine record in athletics, and particularly in bouts with the pigskin on the gridiron field. He is sure to come to the front when Coach Gill picks his men for permanent players. And Coach Gill will have shown most excellent judgment.

BOURBON DEMOCRATS ARE PLANING ACTIVE CAMPAIGN

The Democrats of Bourbon county are planning a hard campaign in the coming State election, and are preparing to reorganize and strengthen their campaign committees. When this work has been accomplished the work of placing speakers in the field, and taking up other lines of campaign work will begin.

Governor Black's adherents in this county are enthusiastic over the outlook, and say there is little opposition to his candidacy here. Every effort will be made to bring out the full party strength in the November election, and to get every man to the polls and see that he gets his vote in time for the Democratic nominee. The Democratic leaders feel confident that this county will roll up its old-time Democratic majority. Governor Black has always been strong here with the rank and file of the voters, and his managers claim the party is now thoroughly harmonized, full of enthusiasm, and all that is needed is good organization to bring out the full vote. Reports from business men who have been through the county show that the Democrats are solidly united on their candidate, and that they intend to do all in their power to give him a record vote. All say there is every indication of an old-time Democratic victory in the appearance of things.

JEWISH NEW YEAR.

The observance of the festival of the Jewish New Year, or Rosh Hoshana, began in Paris, Wednesday night. The stores and offices of Jewish merchants were closed yesterday. Special services in commemoration of the day were held at the Maryland Avenue Temple in Lexington, and attended by many from Paris.

According to the Jewish calendar yesterday was the New Year of 5680, and ushered in ten days of penitence. Rosh Hoshana is a day of sublime festivals, and like all Jewish holidays, the observance began at sunset of the preceding day. The principal feature of the service is prayer, both in orthodox and reformed congregations, while sacred hymns and sermons appropriate to the festival, also mark the observance.

ADMINISTRATRIX APPOINTED

In the County Court, Wednesday, Judge George Batterton appointed Mrs. Lucy Plummer administratrix of the estate of her husband, Clarence Plummer. Mrs. Plummer qualified for the trust by furnishing bond in the sum of \$2,000, with J. C. Day and A. W. Plummer as sureties.

HANDSOME TRIBUTE TO PROMINENT BOURBON MASON

(Masonic Home Journal)

We are pleased to be able to present to our readers the photograph of one of Kentucky's "Grand Old Men" in the person of Past Master James R. Rogers, of Hope Lodge No. 246, Little Rock, Bourbon county. Though seventy-nine years has come and gone since he first saw the light, he is yet active, vigorous, has the courage of the lion, the patience of an ox, and in mind the swiftness of the eagle.

There are few men in the State that are better known to the Craft than Bro. Rogers, as he has been a regular attendant at the Grand Lodge for thirty-five long years. He was first appointed Grand Marshal by Grand Master Reginald F. Thompson, and was reappointed year after year with the exception of one year, until 1916. He is a man of great bearing and pleasing personality, and has been cheered hundreds of times in the manner of his announcements of the results of the election of the officers of the Grand Lodge.

It was Bro. Rogers, who, in the year 1895, offered an amendment to the Constitution of the Grand Lodge reducing the mileage of four cents each way to the actual expense (three cents) of travel, saving the Grand Lodge more than \$3,000 each year thereafter on this account, making up to this date more than \$72,000 saved for other purposes. He offered this amendment on his own motion and fought it through.

He is at present Secretary of Hope Lodge, and is always on the job when the gavel is sounded. He served through the Civil War, casting his lot with others in Dixieland, and after the last battle has been fought and the smoke cleared away, he came back to his "Old Kentucky Home," took up anew the burdens of life to make the Nation and State better, and to wield his influence in making men feel that we are all one people, and should treat each other as brethren.

DON'T FAIL TO REGISTER

The first Tuesday in October, Tuesday, October 7, is regular registration day, when all voters in Paris must register at their voting places if they desire to vote in the November election.

PROMINENT WINCHESTER MAN SUED FOR HEART-BREAKING

Alleging he refused to keep an engagement to marry her, Miss Helen Rose Barlow, of Lexington, has filed suit in the Jefferson Circuit Court for \$50,000 breach of promise damages from Phelps Renick, wealthy young bachelor, of Winchester, and nephew of Abraham Renick, president of the McCombs Producing & Refining Company, a large oil corporation. Her petition states that the younger Renick owns property valued at \$75,000.

Miss Barlow and Mr. Renick met when she was attending a business college in Winchester, according to M. H. Thacker, who is associated with J. A. Edge, Lexington, as her attorney.

They became engaged July 6, the petition alleges, but on or about September 1, Mr. Renick "announced his purpose not to marry this plaintiff and refused to converse with her or see her."

During the alleged engagement Miss Barlow says, Mr. Renick frequently took her to Winchester "and exhibited to her large farming enterprises and an elegant residence owned and controlled by him and disclosed to this plaintiff the happiness and pleasure that would belong to them upon the consummation of their marriage agreement and persuaded this plaintiff not to engage in any business enterprise nor prepare herself for a business career, and caused this plaintiff to cease her studies in a business college in which she was preparing herself for a business career."

Mr. Thacker said Miss Barlow came to Kentucky from the East.

OFFERS ADVICE ON ARBOR DAY EVENT.

Following the proclamation of Governor Black designating Friday, October 31, as Arbor Day for Kentucky, J. E. Barton, commissioner of forestry and geology, is prepared to furnish information about trees to plant, methods of planting and other features which will tend to make a success of the event.

Since Arbor Day was not generally celebrated during the period of the war the Governor is of the opinion that it is appropriate that the wide observance of the occasion throughout the State should be resumed at this time. He calls upon the public for a wide observance of the day, especially with the idea in mind of planting trees as memorials to soldiers and sailors killed during the war.

ITALIAN GOVERNMENT ASKS HELP OF ALLIES.

LONDON, Sept. 25.—The Italian Government has appealed to the allied Powers to send an allied force, exclusive of Italians, to drive d'Annunzio from Fiume, a report received here which is considered to be reliable, stated.

It is understood that the American naval authorities here, who control the operations in the Adriatic, have declined any assistance whatsoever, pending final decision from Washington or the peace delegates in Paris.

The Italian Government, it is reported, has pointed out in its appeal that it would be difficult for Italy to handle the situation in view of d'Annunzio's popularity with the Italian public, and also, because the Fiume decision has been a thorn in the side of the Italians.

GOVERNOR NAMES OCT. 9 "FIRE PREVENTION DAY."

Designating Friday, October 9, as Fire and Accident Prevention Day, Governor James D. Black has issued a proclamation requesting that on the Sunday preceding that date, short talks from various pulpits throughout the State be made on fire prevention.

The proclamation follows: "To the People of Kentucky, Greeting:

"Preventable fires destroy many millions of dollars worth of property every year. Such fires hamper production and cause untold waste. Many families are left homeless and destitute.

"Every citizen of this commonwealth should consider it a personal duty to do everything necessary to prevent this evil, which in practically every instance is preventable.

"I, James D. Black, Governor, designate Friday, October 9, 1919, as

Fire and Accident Prevention Day, and I do call upon the people of this State to observe by appropriate exercises in the public schools and by public meetings this day.

"And, further, I request that on the Sunday preceding October 9, short talks from the various pulpits throughout the State be made on fire prevention."

RECURRENCE OF FLU EPIDEMIC THIS FALL DECLARED UNLIKELY.

The epidemic of Spanish influenza was so widespread last year that it is unlikely the disease will find as many victims again in this generation as it did in 1918, according to Health Commissioner Copeland, of New York, who issued a statement regarding a possible extensive recurrence of the plague. He added, however, that there probably would be more than the average number of cases this year.

SAYS SQUIRRELS GO FISHING FOR COMMON MUD TURTLES.

Squirrels go fishing after turtles that inhabit Hog Creek, near Bethany, W. Va. At least Jack Hurley, an oil driller, says they do.

"I saw three or four turtles leggin' it up the bank out of the water as if a platoon of marines was chasing them," he said. "Moving in that direction I saw a pine squirrel on the back of the mother turtle. The sharp teeth of the squirrel were sunk into the hind part of the turtle's neck.

"As soon as the squirrel has finished the old turtle it made for the little ones. The small creeper just

closed itself up in its shell, but the squirrel took it by the exposed meaty part of the rear leg and scooted up a tree with it."

All of which proves that squirrels sometimes get their minds off cracking nuts.

WELL KNOWN PEOPLE SLIGHTLY HURT IN AUTO ACCIDENT

While returning to Flemingsburg from Paris last Monday night, Capt. Robert Harbeson, his sister, Miss Mary Dan Harbeson, and their guest, Miss Mary E. Sackett, the latter of New York, met with an automobile accident near Millersburg, in which Miss Sackett was injured.

Capt. Harbeson, who is a dog fancier, had one of his thoroughbred dogs in the car with him. The dog becoming restless, attempted to leap from the car. Turning his head for a moment to quiet the dog, Captain Harbeson lost control of the machine, which started toward an embankment. Seeing the danger, Capt. Harbeson swerved the car, running it into a tree by the side of the road. The shock of the impact threw Miss Harbeson from the car into the road, but she miraculously escaped injury. Miss Sackett escaped with a sprained ankle. Capt. Harbeson was uninjured. Miss Sackett was brought to the Massie Memorial Hospital, in this city, where her injuries were given medical attention. She was reported yesterday as resting comfortably.

CAR SHORTAGE BEING RELIEVED ON L. & N.

Paris coal dealers, who have been severely handicapped recently by the lack of coal to supply their trade, have received assurance that the car shortage on the Louisville & Nashville will soon be relieved.

It was stated by officials that about one thousand new gondola cars have been added to the L. & N.'s equipment, destined for use in the Kentucky coal fields. This will in a large measure, relieve the serious shortage of coal cars, which has prevailed for some time. Other cars, it was stated, will be added from time to time, until the mines can operate on a safe basis.

NOTES OF THE Y. M. C. A.

A good crowd attended the opening exercises at the Y Gym Monday evening. The program included calisthenic drill, mat work and tumbling, parallel bar exercises and volley ball. The following boys were on the program: Robert Rose, Will G. Mitchell, Ola Cassity, Farris Adams, Robt. Frank, Leslie O'Neill, Norbert Friedman, Milton Adair, Ussery Wilder.

At 5 p. m. Monday the Business Men's class got off for their "initial heat." A good number of old-timers were in the running—for instance, W. T. Bryan and F. Gallo-way. In addition to the setting up drill the "colts" engaged in a fast volley ball game. Mr. Harrison has a brand new \$7 ball, which is extra speedy. Everyone planning to get into the class this season, should enroll at once and begin training with the bunch.

Mr. Sheffield has re-arranged the lockers in both the men's and boys' locker rooms and inaugurated a new system. Each member will be assigned one of the small steel lockers with key padlock to keep his suit in when he is not in attendance at the Y. When in attendance at the Gym the member removes his padlock and suit from the small locker and makes use of the large steel locker for his street clothing, using the padlock as on the small locker. Special safety pins are supplied so the member can pin his padlock key to his gym suit while he is in the gym. The member pins his key to his towel while he is taking his bath.

Mr. Harrison, Secretary at the Y. M. C. A., announces the following changes in gymnasium schedule:

All classes for women will meet on Tuesdays—matrons 3 to 4, girls 4 to 5, and business women 8:00 to 9:15 p. m.

Grammar school boys meet Wednesday at 4 p. m., instead of Tuesday.

High School boys Monday and Thursday at 4 p. m. instead of Wednesday and Friday.

THE TRAIL OF THE LONESOME PINE.

The greatest of the season's productions, "The Trail of the Lonesome Pine," comes to the Grand Opera House, Tuesday, September 30.

The dramatization of this widely read novel, which as thousands of book readers know, is from the pen of John Fox, Jr., the author of "The Little Shepherd of Kingdom Come," is by Eugene Walter, the clever dramatist, who has written such successful plays as "Paid in Full" and "The Easiest Way."

The production has a beautiful scenic mounting and it met with capacity greetings in long runs in Boston, New York and Chicago. From all accounts the play is as delightful as the book, for the beauty of the book has been redoubled on the stage.

The strong New York Company portrays the stirring scenes of the book in a delightful manner.

FALSE FIRE ALARM.

An alarm from Bix 17 late Monday night called the fire department to Duncan avenue, but no fire could be found anywhere in the vicinity. The police who accompanied the auto truck to the box made a thorough search of the neighborhood, but could get no clue as to who turned in the alarm. The act was ascribed to some mischievous boy, or possibly boy of older growth, passing by. A fine of \$75 is provided in the city ordinances for sending in a false alarm of fire, provided, however, the guilty party is apprehended!

DO YOU REMEMBER THE INFLUENZA VISIT?

Training classes in home nursing will be conducted in Paris under the auspices of the Bourbon County Red Cross Chapter. Should the influenza visit us again the shortage of nurses will be just as critical as it was last winter. Every woman should be prepared to protect her loved ones, and to this end she should prepare herself in the nursing course. This class will give instructions in nursing, hygiene, and the prevention of influenza.

Anyone interested in this matter can call Mrs. Harry Kerslake, Chairman, who will take pleasure in giving all the information that is at her disposal. This is a matter that should go straight to the heart of every woman who desires to prevent a recurrence of the dread disease, and should appeal to them instantly. Call on Mrs. Kerslake for information.

PASTIME CASE DELAYED

In the case of Mrs. A. Feld, of Winchester, suing Bloomfield and others for the death of her husband, who was killed in the Pastime Theatre collapse in Winchester, a demurrer to the petition was sustained in the Federal Court in Frankfort, on the ground that Mrs. Feld had failed to qualify as administrator in Indianapolis, and had failed to do so in Clark county. Mrs. Feld qualified in Winchester this week, and the case will come up for trial in December. Mr. A. Feld was a brother of Mr. David Feld, of this city.

GETS PERFECT MARK IN CLERK EXAMINATION.

Mr. C. W. Guernsey, of Cincinnati, Chief Clerk of the Railway Mail Service, was in Paris yesterday, conducting an examination of the clerks at the local office. Tests for efficiency were made, all the clerks making a good showing. Mr. P. J. McCord achieved a rating of 100 per cent. The clerks were given a bunch of mail to assort for 931 different post-offices. In a like examination some time ago Mr. McCord assorted 4,000 postcards, missing but two.

SPEAKING OF PROFITEERING

Speaking of profiteering, Thurston Ballard, Republican nominee for Lieutenant Governor of Kentucky, and head of the great Ballard Mills, at Louisville, admitted before the Kentucky High Cost of Living Commission that he sold flour for \$1.10 a barrel lower in Louisiana than he sold it in Kentucky. Thus begins to fade the star of Mr. Morrow's hand-picked ticket. If Mr. Ballard, candidate par excellence, is not above plucking the Kentucky people what can be said of his running-mates?

Probably one reason why John Shell has lived to be 131 years old is that he never read the Congressional Record.

IT RE-ANIMATES MUSIC

It's the living touch of a Paderewski or a Kreisler that you hear—the voice of a Caruso or Galli-Curci—it's the actual swelling, stirring volume of orchestra or band—it is music alive, re-animate, because the Dalion is the Instrumentized Phonograph.

"Instrumentized"

Means that the Dalion is a Musical Instrument—Not a Machine.

The Auto-File, another exclusive Dalion feature, always finds the record you want, because it makes it absolutely impossible to misfile a record, or for records to be scattered about the room.

Come in to-day and let the Dalion talk, play and sing for itself.

Having engaged in other business, and desiring to retire from farming, I will positively sell to the highest and best bidders, on the above date, my farm, containing 170 acres of excellent land, and my two-story brick residence on Duncan Avenue, in Paris. Both sales will be conducted on their respective premises on the above date. FARM SALE COMMENCES AT 10:30 A. M. CITY RESIDENCE SOLD AT 2:30 P. M.

This Excellent Farm

containing 170 acres of splendid land, is located 3½ miles southeast of Paris, on the Clintonville pike, and has thereon a three-room frame cottage; a practically new combined stock and tobacco barn with a capacity of 10 acres of tobacco. This barn is one of the best structures in the Blue Grass region, the basement being sufficiently large to feed 200 head of cattle, the barn being erected especially for that purpose, and stands on a native stone foundation. Attached thereto is a concrete silo with a capacity of 280 tons. There is in this barn a never-failing well that will water 200 head of stock in the dryest weather. Another nearly new tobacco barn on this farm has a capacity of 12 acres of tobacco.

This is one of the most desirable small farms in the county, has a never-failing supply of water for man and beast from pools and cisterns, and is under good fence. This farm must be seen to be appreciated, and prospective buyers should not overlook this opportunity to secure this very desirable close-in suburban home, near the best town in the South.

REDPATH CHAUTAUQUA ASSURED FOR PARIS NEXT SEASON

Mr. J. Will Thomas, of Paris, representing the guarantors for the coming Chautauqua season, has received the signed contract for the appearance here next season of the Redpath Chautauqua attractions. This assures Paris a solid week of the best Chautauqua attractions in the country.

For years the Redpath attractions have been before the country on the plane of their excellence and superiority, and never once has the verdict been otherwise than favorable from the communities in which they have appeared. The people of this city and county have been seeking a change from the mediocre line of Chautauqua attractions with which they have been visited in the past, and it is up to them now to give a united and hearty support to the Redpath line. They will have the satisfaction of knowing that they have upheld in a substantial way the honest efforts of the Chautauqua promoters to give them a good line of attractions that will please and instruct all classes.

"WOMANLESS WEDDING."

Under the auspices of the Bourbon County Federation, of Women's Clubs, the farce-comedy, "A Womanless Wedding" will be presented at the Paris Grand Opera House, on Wednesday evening, October 15. The cast will include many well-known Paris people.

The proceeds will be used to purchase nameplates for the trees in the memorial grove in the Paris Cemetery, planted last April in memory of the Bourbon county boys who gave their lives during the late world war. A list of the patronesses and other details of the entertainment will be given through the Paris paper later on.

This delicious farce-comedy has been given in a number of adjoining towns recently, and has been well-received. The characters are all taken by young men.

STRUCK BY MAIL CRANE

Mr. F. J. Hufnagle, one of the best-known engineers on this division of the Louisville & Nashville, is confined to his home on Tenth street, as a result of an injury sustained in the line of duty, Wednesday about noon.

Mr. Hufnagle was leaning out of the cab of his engine to examine some part that appeared to be loose, when, as the train approached White's Station he was struck in the face by a mail crane which was swinging free in the breeze. The implement caught Mr. Hufnagle a vicious blow across the face, lying the cheek open and inflicting a very painful, but not serious wound. He was given first-aid-to-the-injured treatment, and brought yesterday morning to his home in this city, where he is resting comfortably.

KIDNEYS WEAKENING?

LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you feel a victim to incurable disease. Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

RETAIL MERCHANTS TO ORGANIZE IN STATE.

At a meeting of the retail merchants of Kentucky in Louisville last week, plans were made to launch a statewide campaign to organize business throughout the State. An organization known as the Retailers' Association of Kentucky was formed, and the campaign will be launched to secure 4,000 retail merchants of the State as members of this association.

These merchants will represent every line of business in the State.

An educational campaign to instruct the merchants of Kentucky in the plans of the organization will begin at once in many counties. Speakers appointed at the called meeting in Louisville visited these counties, to organize meetings of merchants in districts to instruct them in the plans of the organization.

There is more Catarrh in this section of the country than all other disease put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

THE BIG STEEL STRIKE

PITTSBURG, Pa., Sept. 25.—Representatives of the companies announce that they are in better shape to-day to continue the operation of those plants which did not close Monday, while the union leaders declare that the strike is spreading and will cripple additional mills before night.

The Carnegie Steel Company, largest subsidiary here of the United States Steel Corporation, has closed several of its plants in the district, but, according to an official of the concern, the situation as regards labor is improving.

Disorders, some of a serious nature, marked the first day of the strike in the Pittsburgh district. Two men were killed at Farrell, Pa., one during a clash between State police and local officers and a crowd of 1,500 persons near the American Steel & Wire plant. The other victim was murdered by a fellow boarder when he is said to have refused to go on strike.

Two State troopers were shot during the Farrell outbreak, while seven persons were struck by bullets during a clash between mill guards and a crowd at Newcastle, Pa.

Other disorders occurred in the district, and many persons were slightly wounded.

DEMAND CREDENTIALS FROM THOSE WHO ASK.

Warning against people who are taking advantage of the present Salvation Army Campaign to do a little collecting on their own account, is issued by Geo. R. Campbell, State Campaign Director.

Many of these irregular collectors wear garments which look like the regular Salvation Army uniform and say that they are doing the "same kind of work." They do not stop to explain very fully about their mission in life. Mr. Campbell suggests that before contributing to any stranger, the one approached should ask and make certain that it is indeed to the Salvation Army that he is giving.

JUST WHAT SHE NEEDED.

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion, but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

KENTUCKY CROP REPORT FOR WEEK.

The summary of weather and crop conditions in Kentucky for the week follows:

High temperatures prevailed during the first half of the week, but they were about seasonal during the last half. Except for some light showers in the Licking River basin, no rain of consequence occurred. Late corn and tobacco made fair progress in the extreme western counties, where the effect of the heavy local rains of the last of August was still felt during the past week. In some other localities, generally in the southern counties, the late crops are doing fairly well but even in the most favored districts the condition of crops is irregular and "spotted." In most of the agricultural area the drouth was intensified and corn and tobacco continued to deteriorate. Tobacco is being cut and housed rapidly under ideal weather conditions for that work. Some farmers will finish cutting next week. Corn is drying up rapidly and cutting is well advanced. The shortage of stock water is becoming serious in many sections. Pastures have practically dried up in central and northern counties. Late potatoes seem to be a failure in most places. A serious feature of the drouth is its interference with the preparation of land for winter wheat which promises to considerably reduce the acreage sown.

WHAT'S THE REASON?

Many Paris People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Paris.

Mrs. John Mastin, 1439 High St., Paris, says: "I have used Doan's Kidney Pills with good results and I know from the help they gave me that they would be just as beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints, and if I should need a kidney remedy again I would certainly take Doan's."

FREE HAND GIVEN ITALY IN FIUME AFFAIR.

LONDON, Sept. 25.—Italy was given a free hand to handle the problem arising out of the seizing of Fiume by Captain Gabriele D'Annunzio, as a domestic affair, is said in reports current here to have made an appeal to the Allied powers to take the matter off their hands and send a force to Fiume to expel the insurgent troops from the city.

It is claimed Italy has stipulated that if such a force is sent to the Adriatic city it must not include Italian units.

It is improbable, according to reports, that American troops will participate in such an operation if it is ordered, there being no soldiers available for such purpose.

ITALIAN FOREIGN MINISTER SENDS IN RESIGNATION

GABRIELE D'ANNUNZIO ASKS SUPPORT OF ALLIES.

FIUME, Sept. 25.—Gabriele d'Annunzio declared in an interview here that he was making ready an appeal to the President of the United States, the King of England and the French nation to support him in his occupation of Fiume for Italy, which he intended to maintain to his dying day, having determined never to leave the city. He was confident, he said, that his appeal would bear fruit.

GOES EVERYWHERE; HELPS EVERYONE.

The work of the Salvation Army includes every activity that can mitigate in any way the need of humanity.

Of course, these activities are directed in certain channels, which are very carefully organized and administered with economy that is amazing to those who do not know how frugally these devoted workers maintain themselves and achieve their objectives.

The Salvation Army recognizes no extreme of need—no situation—no distress with which it cannot properly undertake to cope. This fact makes its work of an exceedingly varied character. It deals instantly with the predominate condition. This is instanced at the present time by the tremendous amount of war emergency relief, which the Salvation Army is daily administering in all principal cities. The disbanding of the soldiers and sailors, threw a great responsibility directly into the hands of the Salvation Army. These boys had learned to love the Salvation Army first in France. They came to the Salvation Army first in this country when they were in need of anything whatsoever, from a suit of clothes to a few words of encouragement, because they had learned in the trenches that the hand of the Salvation Army worker was always outstretched to them and that the sympathetic help which they were in need of would be extended to them regardless of the conditions which had brought adversity upon them.

LONG SHOTS DEFEAT FAVORITES AT LATONIA OPENING.

Under ideal weather conditions the thirty-eighth fall meeting at Latonia opened Wednesday. A crowd which almost equaled the opening day gathering at the spring meeting was on hand.

Favorite winners were few and far between. Not in a single race did the public choice come down in front. Even in the Latonia Handicap, the feature event of the day, War God, the winner, was coupled in the field with Harvest King, and paid nearly 14 to 1.

While long shots won, the favorites gave them a battle, and in every race the finish was close and interesting. In some of the races the big crowd had to wait until the official placing went up before it could tell who was the winner.

The opening was easily the best ever given at Latonia, and bears out the prediction that this is going to be some "hoss" gathering at the old course.

The winners of the opening day's events were: First race, Apple Jack II; second race, Angon; third race, John O.; fourth race, High Cost; fifth race, War God; sixth race, Virgo; seventh race, Piedra. Viva America, owned by S. Kenney Nichols, of Paris, made a brave effort to win the Latonia Handicap, the fifth race. She possessed her usual early speed, but could not keep it together. Viva America and Blackie Daw raced head and head for more than half a mile, when War God moved up and took the lead.

The bride is a member of one of the substantial families in Clark county. They will reside at the home of the groom, near Paris.

WEST—SMART.

—Miss Delilah West, aged twenty-one, of Carlisle, and Mr. Ernest Smart, twenty-two, of near Paris, secured a marriage license Tuesday, in Paris, and were married at 8:30 p. m., at the home of the officiating minister, Rev. R. C. Goldsmith.

The bride is a very popular and attractive young woman, and is a sister of Mr. Elmer West, a prominent farmer of Mason county.

The groom is a prosperous young farmer of near Paris. Both have a large circle of friends and acquaintances who unite in wishing them a long and happy married life.

SPENCER—MERCHANT.

—Their youth was the only thing that stood in the way of Miss Helen Kathryn Spencer and Mr. Charles Merchant, of Lexington, from wedding in the formal way, but they laughed at difficulties, and simply eloped.

Miss Spencer entered the Millersburg College as a student this fall. Returning from a visit to the home of her parents, Mr. and Mrs. E. M. Spencer, in Lexington, it was supposed that she had returned to the Millersburg school. But she did not arrive there. Young Merchant had been a student at the Millersburg Military Institute. He and Miss Spencer were sweethearts. It was learned that he too, was missing from school. Information afterward came to hand that the couple had gone away in an automobile, coming through Paris, where they stopped off long enough to perfect their plans and then drove on to Vevay, Indiana, where they were married.

Mr. and Mrs. Merchant were both very popular in Millersburg. They were given a hearty welcome home on their return to Lexington, Wednesday, by their respective parents, whose only objection to their union was the youth of the couple.

ANNOUNCEMENT.

—An announcement of much interest to the many friends and relatives of the prospective bride and groom was made at the close of an entertainment given by Mrs. Edward Prichard at her home on East Seventh street. In a neat verse Mrs. Prichard announced the engagement of Mrs. Edith Myall Daniel, of Paris, and Mr. Irvine M. Keller, of Chicago and New York, a former resident of Paris. The wedding is scheduled to take place late in the winter. The bride-to-be is a daughter of Mr. and Mrs. William Myall, of this city, and is the widow of Mr. Woodford Daniel, and a great favorite with all who know her.

Mr. Keller is the only son of Mrs. Callie Bowen Keller and the late Mr. Alex. Keller, of this city. For several years he has held a responsible position in the Port Dearborn Bank, in Chicago. He resigned this place some time ago, and accepted a position with the house of Merrill, Cox & Co., in New York. He was promoted a short time ago to the management of the business, the offices being located at 111 Broadway, New York City.

AUTHOR'S MEMORY A WONDER.

Theophile Gautier was a master of literary style. Here is the account of how he wrote his "Travels in Italy," given by his friend, Maxime du Camp:

"This book, which one would suppose to have been thought out in retirement, in a library of works of reference, was actually written in a printing house, amidst the clatter of compositors, the noise of printing presses, the hum of machinery, slamming of doors, and hubbub of a busy workshop. Not a note, book, or document did the author make use of. His memory surpassed belief, and he could draw on it at will without fear of being led astray. He composed without erasing or correcting. When he had finished ten lines, the overseer would clip them from the MS. and hand them to the compositor, repeating the process until the article or chapter was complete. Then, when the proofs were set before him, Gautier would indicate errors by making them with his nail, and would would go on his way, breathing deeply, like a miner released from his subterranean gallery at the end of a day's work."
